- Sage 300 Refresher Pre-Training Assessment [<Click Here>](#)

2. Refresher on Sage 300 Inventory Control

Course description

If you have knowledge of previous versions of Sage 300 and would like to get up-to-date on all the latest features as well as best practice use of Sage 300 Inventory Control then this is the course for you. All our courses are highly interactive and are designed to enable attendees to immediately apply the skills imparted in the workplace.

Course duration

This course is scheduled for one day from 9:00 till 16:00.

Course pre-requisites

Basic Sage 300 Inventory Control working experience.

Documentation

The following documentation is included with the course

- User competency assessment
- Certificate of attendance

After attending you will be able to

Use Sage 300 Inventory Control with a host of exciting new tools to work with that will make your job easier.

Who should attend?

- Existing Sage 300 users

Topics covered

Sage 300 Inventory Control is a comprehensive multi-location inventory management system that provides effective management of stock levels and inventory transactions. It forms the core of Sage 300 Operations Management Suite of products, and allows users to enter transactions quickly and easily for the movement and tracking of inventory items.

- Inventory item definition concepts.
- Inventory location concepts.
- Teach users how to enter transactions directly in Sage 300 Inventory Control.
